Placement and Enrollment – At the end of the student’s placement class and interview, our faculty will complete a recommended personalized program. This should be used to complete the registration for the student’s schedule of classes.

Tuition Fees – Your initial tuition installment includes a \$25.00 non-refundable registration fee and tuition for September and May. Tuition for the other months is due on the first class of the month. All scheduled missed classes (holidays and vacations) have already been factored into the tuition.

Multiple Dancers and Discounts – If you are registering more than one dancer from your immediate family, you may combine their total classes for the best possible discount. A total of 4 or more classes per week entitles you to a 10% discount. This discount does not apply to the special unlimited classes fee.
